## Falling Leaves Shawl

*This incredible shawl feels as wonderful as it looks thanks to the bamboo fiber. The center leafy panel is crocheted first and then side panels are added. You'll be loving it for all your travels, as it takes up little room.*

Shawl measures 85½" (217 cm) wide (measured straight across at widest) and 37" (94 cm) long (from back neck to lower point), after blocking

### Special Stitch

shell = (2 tr, ch 1, 2 tr) in indicated stitch or space.

### Notes

1. Shawl is made from 3 panels: A center panel and 2 side panels.
2. The long narrow center panel is worked first. Then a side panel is worked on each side of the center panel, beginning by working stitches evenly spaced across one long side edge of the center panel.
3. Stitches are decreased at one edge of each side panel to form the triangular shape.
4. When instructed to work "shell in shell", work a shell in the ch-1 space of the next shell, skip the last two tr stitches of the shell and continue following the instructions.

### CENTER PANEL
