**CHECK YOUR GAUGE. Use any size hook to obtain the gauge.**

### NOTES

- (1) Cake consists of 3 layers that are worked separately in continuous rounds. Layers are then sewn together or they can be fastened together using optional Velcro strips.
- (2) Cake layers measure 8", 12", and 16" in diameter by 5" tall. They are worked from the top down. The bottom piece of each cake layer is worked separately and sewn on in order to provide adequate opening for inserting cardboard forms and stuffing.
- (3) Fondant stripes in bottom layer are worked by carrying the non-working yarn along the back of the piece and working stitch around the non-working yarn as rounds are worked.
- (4) For smooth, cake-like appearance firm stuffing is required. In addition, optional cake boards or cardboard cutouts wrapped in a layer of quilt batting can be used at the top and bottom of each layer for additional firmness and shape. Each layer uses 2 cutouts: one each for top and bottom.
- (5) Flowers, hearts, and diamond embellishments are worked separately and attached by sewing to the cake, using matching yarn or thread.

### Special Abbreviations

**inc** (increase) = 2 sc in next st.

**sc2tog** = [draw up a loop in next st] twice, yo and draw through all 3 loops on hook.

Repeat Rows 2-9. Fasten off.

### FINISHING

Place cake Layer top side down on a flat surface. Insert cardboard round, if using optional quilt batting, wrap cardboard round first, then place inside the piece.

Sew Bottom Piece to Layer, whip-stitching through remaining loop of Bobble Round and both loops of last round of Bottom Piece until it is a little over half way attached. Insert 2nd cardboard round. Begin stuffing firmly. Continue to sew and stuff the piece, smoothing the stuffing along the sides of the cake. Make certain the first cardboard round and stuffing is evenly placed by re-arranging stuffing and cardboard as needed. Repeat for other 2 layers.

If using optional Velcro® to attach layers, attach 4" lengths using sewing needle and thread: for heart topper and top layer use 3 lengths, middle use 5, and for bottom use 7 or more Velcro lengths.

### Heart and Diamond Embellishments

Pin small hearts equally spaced around the outside of the top layer. Sew in place.

Pin diamonds around the middle layer. Sew in place.

### Roses and Leaves

Gather roses. Using long yarn tail, wind roses into spirals, tack in place. Leave remaining yarn tail for attaching to cake. Attach leaves to underside of roses using yarn tail.

### Heart Topper

Using water soluble marker, sketch desired number onto crocheted heart. Embroider with coordinating yarn using a satin stitch.

Lay crocheted heart on red felt, trace around heart and cut out. Make 2. Use felt cut out to trace heart onto cardboard and cut out. Sandwich crochet heart, felt heart, cardboard, felt heart and 2nd crocheted heart together. Join heart edges through the 2 heart layers; ch 1 and matching st for st, sc through both crocheted heart layers in each sc around; join. Fasten off, leaving one yarn tail.

---

Stack and fasten the cake layers. Attach 3 roses in circular fashion in middle of the top layer. Sew the heart topper in place by anchoring to the rose petals, using yarn tails.
