Special Stitch

sc2tog = [Insert hook in next stitch, yarn over and pull up a loop] twice, yarn over and draw through all 3 loops on hook.

Special Technique

Adjustable-ring method—Wrap yarn into a ring, ensuring that the tail falls behind the working yarn. Grip ring and tail firmly between middle finger and thumb. Insert hook through center of ring, yarn over (with working yarn) and draw up a loop. Work stitches of first round in the ring. After the first round of stitches is worked, pull gently, but firmly, on tail to tighten ring.

Notes

1. Slipper has reinforced toe and sole. Ears and fluffy coat are made separately and sewn onto sides.

2. Toe is worked in joined rounds; do not turn unless instructed. The first stitch of each round is worked in the same stitch as the join from the previous round. The sides are made in turned rows.
3. Smallest hook is optional and used only for eyelashes. You may prefer to embroider the eyelashes instead of crocheting them.
4. When weaving in ends or sewing with B, keep the yarn tightly twisted so that it will not break.

Rolled Edging

If you have trouble spacing them evenly, place a stitch marker at the halfway point, work half the stitches before the marker and the other half after. The stitches of Rounds 2-5 should pull in the edge of slipper a little more but to ensure that the opening does not get too small, use a slightly larger hook if necessary.

Using photograph as a guide and with yarn tails, stitch each ear, working through both sets of loops of Round 11, to head of sheep. Using yarn tails of eyelashes, stitch eyelashes onto face (or, if desired, using photograph as a guide, embroider eyelashes with **C** onto outer toe). With **C** and using photograph as a guide, embroider nose and mouth under the eyelashes. Weave in all ends. Block if desired.
