## Mod Log Cabin Throw

*This crochet throw design is reminiscent of popular log cabin quilts. Presented here in a cool palette of colors, it is perfect for relaxing on a sofa or to have ready for extra warmth at the foot of your bed.*

Throw measures 44 x 58" (112 x 147.5 cm)

### Notes

1. Throw is worked in one piece beginning at lower corner. The throw is made up of 12 squares, arranged in 3 columns of 4 squares each.
2. Each square is worked and joined to the previous square(s) as-you-go.
3. Each square consists of 12 sections ("logs") of color arranged in a log-cabin quilt-inspired manner. Refer to log diagram at end of pattern.
4. Work all squares using larger hook. Use smaller hook for final border round only.
