## Mom's Day Bouquet

*Crochet a presentation of colorful spring flowers to show Mom how much you love her. Or do as the designers suggest and plant these in Mom's front yard for a fun way to "yarn bomb" her. Patterns are included for carnation, corona, daffodil, daisy and iris.*

**Carnation** measures 3" wide x 8" tall (7.5 x 20.5 cm)

**Daffodil** measures 4" wide x 8½" tall (10 x 21.5 cm). Corona cup is 2" (5 cm) deep

**Daisy** measures 5" wide x 6½" tall (12.5 x 16.5 cm), with petals spread

**Iris** measures 3" wide x 8½" tall (7.5 x 21.5 cm)

### Special Stitches

**reverse sc** (reverse single crochet) = Work single crochet in opposite direction from which you would usually work (left to right if you are right-handed and right to left if you are left-handed). This stitch is also known as crab stitch. It creates a rope-like twisted single crochet edging.

**sc2tog** = [Insert hook in next stitch, yarn over and pull up a loop] twice, yarn over and draw through all 3 loops on hook.

### Notes

- Each flower is made from 2 sections: head and stem.
- For pieces worked in continuous rounds (spirals), you may find it helpful to place a stitch marker at the beginning of the first round and move it up as each round is completed.
- Carnation petals are worked with a "wiggly crochet" technique. First, you will create a grid base, then you will work stitches around the posts of the stitches and in the chain spaces.
- Daisy is shown in 2 colorways. Begin head in the color of your choice.
- Stem is made to fit an 8" (20.5 cm) chopstick (so flower can stand in soil or floral foam); you may need to adjust the length if you use a longer or shorter chopstick. Always insert wide, blunt end of chopstick in stem so narrow, pointed end

can stand in soil. Check your gauge as you work so that chopstick is held snugly in the stem.
