## Notes

1. Attach bracelet to fabric pillow, pin board or other soft fixed point with a safety pin, OR clip to clipboard OR use tape to attach it to a table.
2. Stripe pattern is created by using left edge cord as knotting cord across each of other cords in bracelet. Knotting cord becomes knot-bearing cord on right edge, and new color on left edge becomes knotting cord.

## BRACELET

### Prepare cords

Cut one 72" [183 cm] length in each color.

Holding ends together, fold cords in half; tie a  $\frac{3}{4}$ " [2 cm] long slip knot at the halfway point. Secure slip knot to fixed point.

Arrange single strands of cord in following order:

**A, B, C, A, B, C**

### Knot cords

\*Beginning at left edge with **A**, tie Left Over Double Half Hitch over each of the 5 other cords, ending at the right edge of the piece; cords will now be ordered **B, C, A, B, C, A**.

Beginning at left edge with **B**, tie Left Over Double Half Hitch over each of the 5 other cords, ending at the right edge of the piece; cords will now be ordered **C, A, B, C, A, B**.

Beginning at left edge with **C**, tie Left Over Double Half Hitch over each of the 5 other cords, ending at the right edge of the piece; cords will now be ordered **A, B, C, A, B, C**.

Continue as above until back to original cord order—1 pattern repeat complete.

Repeat from \* until bracelet measures 5½" [14 cm] from loop or to desired length. Tie overhand knot to secure.

## FINISHING

Divide cords into 2 equal groups. Braid each group and tie overhand knot to secure. Trim ends to same length.

Insert 1 braid through loop of slip knot; tie braid ends together with overhand knot or in a bow to secure.

## ABBREVIATIONS

**A, B, C** = Color A, B, C; [ ] = work directions in brackets the number of times specified; \* = repeat whatever follows the \* as indicated.

Please Note: Print this pattern using Landscape Orientation.
