Wrapped Peace Letters

Here's an easy way to express a message of PEACE for the holidays. Simply wrap cardboard letters with yarn! It's a great technique for décor letters on any shelf or mantel, any time of the year.

Note

Surfaces that cannot be reached with wrapping will be covered with lengths of yarn first.

GLUE OUTER SURFACES

1. Cut lengths to cover the outer edges of the letters. It is usually not necessary to cover the entire perimeter, since the wrapping will also cover parts of the perimeter.
2. Beginning at any point along the area to be covered, apply an even layer of glue approximately 3" long, and extending to the outside edges. Adjust the lengths so they lie smoothly and give adequate coverage. Continue around all edges.
3. Use push pins to hold the outside strands snugly against corners; let dry.

GLUE CORNER SURFACES

1. Cut lengths of yarn to cover the front and back of the letters where they will not be covered when wrapping the letters. Note that the yarns will overlap on some letters, like the top of the A.
2. Glue in place.

WRAPPING FROM BALL

1. If letter has a hole, such as the P or A, wind a small yarn ball (since whole ball of yarn will not fit through hole). Apply a layer of glue on the back of the letter in area to be wrapped.
2. Leaving 2"- 3" tails, evenly wrap the yarn around the letter.
3. Use yarn needle to pull the tails under the wrapped area. Let dry.
