Short Lacy Poncho

You'll love having the season-spanning poncho to keep you warm! It is made in two rectangular pieces, joined creatively and then finished with a nice edging.

Finished length: 19" (48.5 cm) measured from center front neck down to center front point x 37½" (95.5 cm) measured across long edge.

Finished neck circumference: 22" (56 cm).

Special Stitches

picot = Ch 4, slip st in 4th ch from hook.
reverse hdc (reverse half double crochet) = Work half double crochet in opposite direction from which you would usually work (left to right if you are right-handed and right to left if you are left-handed). It creates a rope-like twisted edging.

Notes

1. Poncho is made from 2 rectangular panels joined with mesh inserts.
2. Neck and short edges are finished with reverse half double crochet stitching.
3. Neck edging is worked in rounds; long and short edgings are worked in rows.
