NOTES

1. This retro-look tri-fold Red Cross inspired first aid kit is designed to hold lots of bulky first aid supplies with the help of two gusseted pockets for better organization. Snaps on the inner flaps keep the items secure in the pockets.
2. Pieces are worked separately and are sewn together. Two Pockets are joined by a gusset piece along bottom edges. Pockets are gusseted and worked in the round for smoother look. Gussets incorporate the use of a provisional cast-on.
3. Some steps are worked back and forth in rows and others are worked in the round. Work on circular or double pointed needles as sts allow.
4. The iconic Red Cross logo is worked with small needles, using size 3 crochet thread, for a more finely detailed look, and is sewn together using hand-sewing thread.
